*Proportionate giving table. For example, assuming a weekly net income of £250 and giving £5.00 a week: read across top line to £250, read down the column to £5.00, read across to the left hand column to 2p. Therefore you give 2% of your net income.*

## Planned Giving at St Mary Magdalen

St Mary Magdalen has stood as a centre of worship and service to the Chapelfields community for over one hundred years. The Church has had a lively past, and we pray that it will have an exciting future, but the costs of running St Mary Magdalen and its mission have to be paid for by the Church community. These costs include the upkeep of the building, our worship and mission, as well as the costs of employing, housing and training our priests (the *Parish Share*). In 2017 the cost of running St Mary Magdalen was £1373 per week. Part of that cost is met by renting out the premises and Gift Aid (reclaiming tax from donations that the Church has received), but the majority of our income comes from the regular and planned giving of the Church family.

What we each give is a matter between ourselves and God. What God expects of us is that we should each shoulder our responsibility as a member of the family of St Mary Magdalen to the best of our ability.

The Scriptures teach the principle of proportionate *giving* – giving a percentage of our income: for example 2p per £1 or 3p for each £1 of our disposable income. The Church of England urges us to aim at a basic standard of 5p per £1 after tax – that is 5%. On the back of this leaflet you can find a table which shows how much you would give per £1, depending on your weekly disposable income and what percentage you wished to give away.
